During my 20-plus years in the surety industry, I have been asked one question more than any other: "What is my bonding capacity and how is it determined?" Unfortunately, this simple question is the most difficult one for a surety agent to answer and merits a clear explanation. Bonding capacity is the maximum amount of surety credit a surety company will provide to a contractor.

**FORCES** . A force is any push or pull that causes an object to move, stop, or change speed or direction.; The greater the force, the greater the change in motion will be. The more massive an object, the less effect a given force will have on the object.; Unless acted on by a force, objects in motion tend to stay in motion and objects at rest remain at rest.
