Ricoh GXR Review - Specifications - Imaging Resource

The ability to resuscitate classic manual focus lenses has been one of the unexpected side-effects of the development of mirrorless camera systems. Ricoh has responded to this trend by introducing the Mount A12 module for its GXR system. This module, featuring a Leica-style M mount, allows the fitting of a wide range of lenses onto a GXR body for the first time.

User's Guide - Ricoh

Review of the Ricoh GXR mirrorless camera. ... Some of that has to do with manual focusing: you really don't want to two-hand the camera in front of you while focusing, and the EVF just isn't as good as it needs to be to make manual focusing as fast and as enjoyable as it should be.

Ricoh GXR Camera Review | Sans Mirror | Thom Hogan

Note: For the M-mount unit, see the Manual Focusing with the GXR M-Mount Unit. For an overview of manual focusing methods, see page Manual Focusing Methods. Note: For a comparison of these features between the Leica X Vario and the Ricoh GXR A16, see page Leica X Vario and Ricoh GXR 16: Manual Focus Comparisons.

Ricoh GXR: Manual Focusing and Focusing Support

The Ricoh GXR is a compact digital camera first announced by Ricoh Company, Ltd, Tokyo on November 10, 2009. Unlike conventional cameras which either have a fixed lens and sensor or interchangeable lens and a fixed sensor, the GXR takes interchangeable units, each housing a lens, sensor and image processing engine. This allows each unit to have ...

Ricoh Global | EMPOWERING DIGITAL WORKPLACES

With the introduction of the GXR, Ricoh has essentially gone in both of these directions at once while creating a new niche - the compact modular digital camera. The GXR camera body itself is, in many respects, a somewhat larger sized version of the rugged and well-designed Ricoh GR III camera body.

Ricoh GXR - Luminous Landscape

The ability to resuscitate classic manual focus lenses has been one of the unexpected side-effects of the development of mirrorless camera systems. Ricoh has responded to this trend by introducing the Mount A12 module for its GXR system. This module, featuring a Leica-style M mount, allows the fitting of a wide range of lenses onto a GXR body for the first time.
